Table 1: *Revision History*

Revision	Change Description
Revision 01	Initial release.

Release Overview

This release note covers Aruba Instant On application software versions for the management of Instant On Access Points (APs).

The Aruba Instant On application is available as a mobile app and a web application. The software and app versions are built from 1.1.0 and 1.0.1 respectively, the first major release of the Aruba Instant On application.

What's New in This Release

This edition of the release notes introduces the Aruba Instant On software version 1.1.1, which includes the following:

- 802.11r support and performance improvements when roaming between APs.
- Support for Aruba Instant On AP-17 access points.
- Bug fixes and stability improvement.
